

## Two-piece boxes – KS 16

*Folding instructions*

1. The precut pattern cuttings of your box should be placed on the table with the natural white coloured side facing towards you.
2. Fold all the prefluted edges vertically at a 90 degree angle, once facing upwards and thereafter back again. Set up the side segments of your box right-angled. Bend the double-walled side segments inwards over the edges.
3. Please pay particular attention to the spigots (double-folds) of the side segments and base of the box.
4. Proceed in the same way with the base and the lid parts of the box. Set up the side segments of your box right-angled.
5. Insert the side segments with spigots (double-folds) into the slits provided.
6. Now you may close your box by covering the base of the box completely with the lid.
