

Quality Guarantee

Blotting board 040 – natural white 670 gsm

We hereby confirm that our "Blotting board 040 – natural white 670 gsm" fulfils the following characteristics:

Board

- approx. 60% cotton pulp and approx. 40% bleached pulp
- pH level during manufacture approx. 7.0
- acid-free
- without an alkaline buffer (unbuffered)
- without optical brightening agents
- capillary rise (migration distance) 150 - 170 mm/10 min (DIN 53106)

We guarantee legally-binding that the above stated material meets the listed characteristics.

The material is ageing-resistant and provides active protection for the artefact.

KLUG-CONSERVATION April 2024
